

PRODUCT DATA SHEET

RONDO®

DUPLEX® INTERNAL STUD FRAMING SYSTEM

Rondo DUPLEX® Internal Stud Framing System is one Stud that does the job of two.

It's perfect for door openings and glazing in internal wall framing applications where you typically need to install a boxed stud configuration. Less products to install means much quicker installations, delivering you with the all-important labour cost savings.

STRONGER / COST EFFICIENT / CUSTOM LENGTHS

BENEFITS

- Greater load capacity than standard narrow flange wall systems negating the necessity for boxed or back to back configurations or the reducing of Stud centres
- Integrated with the Rondo medium gauge Slotted Deflection Head Track providing better, positive connections
- Like all Rondo Steel Studs, DUPLEX can be manufactured in custom lengths to suit your project
- DUPLEX Studs are made from G2 grade steel for optimum cost efficiency
- DUPLEX Studs are made from steel with a minimum gal coating of Z275
- Higher walls can be achieved before noggings are required
- Central rib on fixing flange allows for vertical alignment of wall linings

SUITABLE FOR

- Replacing single boxed stud to support door frames
- Internal glazing and door jambs
- Access openings for services within the wall framing
- Internal Load Bearing Walls by Rondo Engineered Design
- Incorporation into standard Rondo narrow flange steel internal wall framing

MATERIAL SAFETY DATA INFORMATION

MATERIALS

Products manufactured by Rondo Building Services are produced from coated steel coil material which is classified as a non-hazardous material.

PRODUCTION PROCESSES

A water-based soluble lubricant is used to assist with the roll forming process. These soluble lubricants are not considered hazardous when used as recommended by the manufacturer.

HANDLING AND STORAGE

Products are supplied in pack and sub-pack quantities and should be handled in accordance with the recommendations contained in AS 1470 – Health and Safety at Work Principles and Practice.

Where mechanical lifting or moving equipment is required, trained, and licensed operators are to be used.

Metal products should be stored in an environmentally friendly area away from moisture and airborne contaminants such as acid and salt sprays.

SAFETY

It is our recommendation that PPE should be worn when handling metal products (AS 2161 –Occupational Protective Gloves) and that they should be checked regularly for damage.

People with sensitive skin conditions should seek medical advice before prolonged handling of metal products: hands should be washed before eating and for personal hygiene.

Safety glasses (AS/NZS 1336) should be worn when cutting metal sections.

SITE TRAINING

It is the responsibility of the contractor to ensure their employees are trained in onsite WHS procedures as these can vary from site to site.

COMBUSTIBILITY

For more information on the steel used by Rondo visit www.steel.com.au or [click here](#).

Environmental Product Declaration (EPD) for metal products

Steel Sustainability Australia (SSA) Level 2A: 17 RVP

ISO 14001 Environmental Management System

Climate Active Certification: OPT-IN for carbon neutral metal products

RONDO SUSTAINABILITY CERTIFICATIONS

RONDO BUILDING SERVICES PTY LTD

WARRANTY

THIS WARRANTY IS ISSUED TO:

PROJECT:

RONDO REF:

This warranty is provided by:
Rondo Building Services Pty Ltd ABN 69 000 289 207
37-47 Lockwood Road, Enmore Park, NSW 2129
Australia Tel: +61 2 9562 7300
Email: sales@rondo.com.au

OTHER RIGHTS

The benefits given by this warranty are additional to other rights and remedies that you may have under laws relating to our products. The following statement applies where the product is supplied to a 'consumer' under the Australian Consumer Law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure (Consumer Guarantee).

The remainder of this document does not impose any limitation on, or precondition to the exercise of rights in accordance with the Consumer Guarantee.

LOGGING A WARRANTY CLAIM

To make a claim under the warranty, please contact the Rondo authorised distributor from whom you purchased the product. Alternatively, you may send details of your warranty claim directly to Rondo by post.

Warranty Claims, Rondo Building Services, PO Box 324, St Marys, NSW 1790 Australia

All claims under this warranty must be received by Rondo within the applicable warranty period as set out in the 'General Warranty Statement' below. Once your claim is received, a representative of Rondo will determine whether your warranty claim is valid and, if it is, will inform you how Rondo will honour it. Any costs you incur in making this warranty claim are your responsibility and not covered by this warranty.

After you lodge a warranty claim, Rondo may, before providing warranty service, require that you provide proof of purchase, respond to questions designed to assist with diagnosing potential faults and follow Rondo's process for obtaining warranty service. You must respond to all requests promptly and at your own expense.

GENERAL WARRANTY STATEMENT

Rondo Building Services Pty Ltd (Rondo) warrants all Rondo branded products against defects in materials under normal use for the period from the date of purchase specified below:

- All Rondo products: ten (10) years, with the exception of:
- Rondo 2450 coated products used in external applications in accordance with the 'Special Conditions for 2450 Product Use in External Applications' section below: Seven (7) years.
- Rondo 425-LOCK, 2400, 2000 and 425-LOCK 2400 products: Five (5) years.

If you submit a valid claim, Rondo will, at its option:

- Repair the product;
- Replace the product with a product that is at least equivalent to the original product in function and quality; or
- Refund the purchase price.
